Art Unit: 1626

Receipt is acknowledged of the preliminary amendment filed March 22, 2002 and the disclosure statement filed August 20, 2002, which have been entered in the file.

This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b). An abstract on a separate sheet is required.

Claim 29 is objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should refer to other claims in the alternative only. See MPEP § 608.01(n). Accordingly, the claim 29 has not been further treated on the merits.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 16 to 23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 16, Q is not defined.

In claim 17, L, Z, Y and X are not defined above.

Art Unit: 1626

Claims 18 to 23 provides for the use of a compound according to claim 1, but, since the claim does not set forth any steps involved in the method/process, it is unclear what method/process applicant is intending to encompass. A claim is indefinite where it merely recites a use without any active, positive steps delimiting how this use is actually practiced.

Claims 18 to 23 are rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).

To overcome this rejection claims 18 to 23 should be rewritten as claims to methods of dyeing (i.e. a method of dyeing cellulosic substrates comprising applying thereto a compound according to claim 1).

Claims 1 to 15 and 24 to 28 are allowed.

Claims 30 to 33 are objected to as being dependent on an objected to claim.
